

FOR IMMEDIATE RELEASE

## Bake'n Joy Expands Manufacturing for Growth

**North Andover, Ma. (July 1, 2018):** Staying true to its mission to continuously improve all aspects of its business in order to sustain the long-term success of our customers, Bake'n Joy is excited to announce the addition of 20,000 sq. ft. to its manufacturing facility. The company installed a brand new Predeposited Frozen Muffin line with room for a second line.

"The line began production in December 2017 and has immediately made a positive impact on our operations", says Michael Ogan, Vice President of Operations. "The new line enables us to support our existing customer's growing business as well as puts Bake'n Joy in the enviable position of servicing new customers with the highest quality standards for product and customer service excellence." He adds.
